

Today, we'll be with...
Calasanz!

Hello everybody!

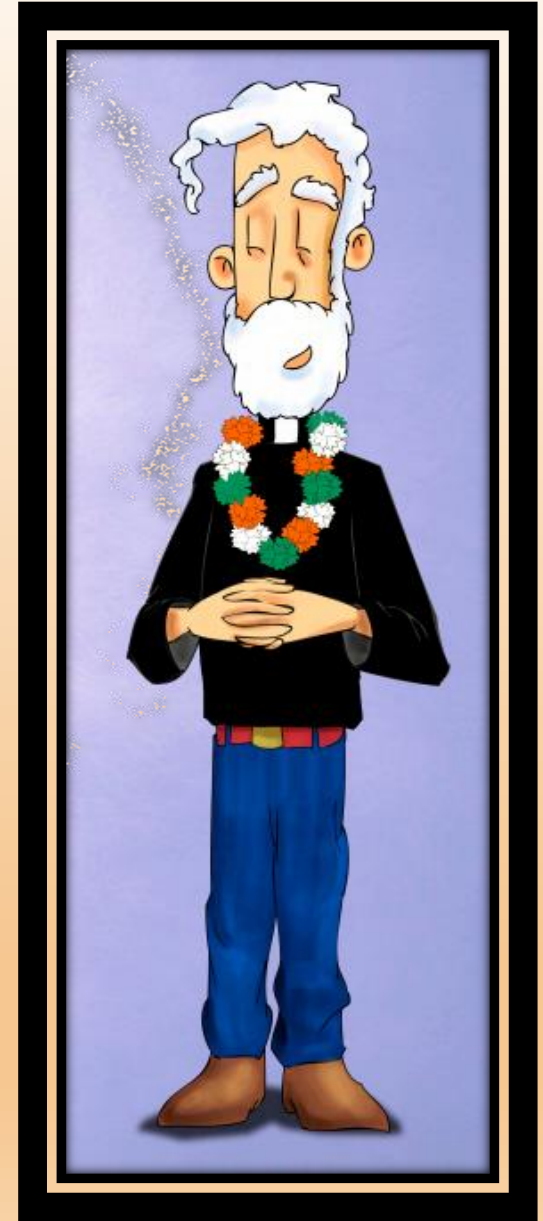

Many of you
already know
me.

I'm Calasanza.

I'm a Piarist!

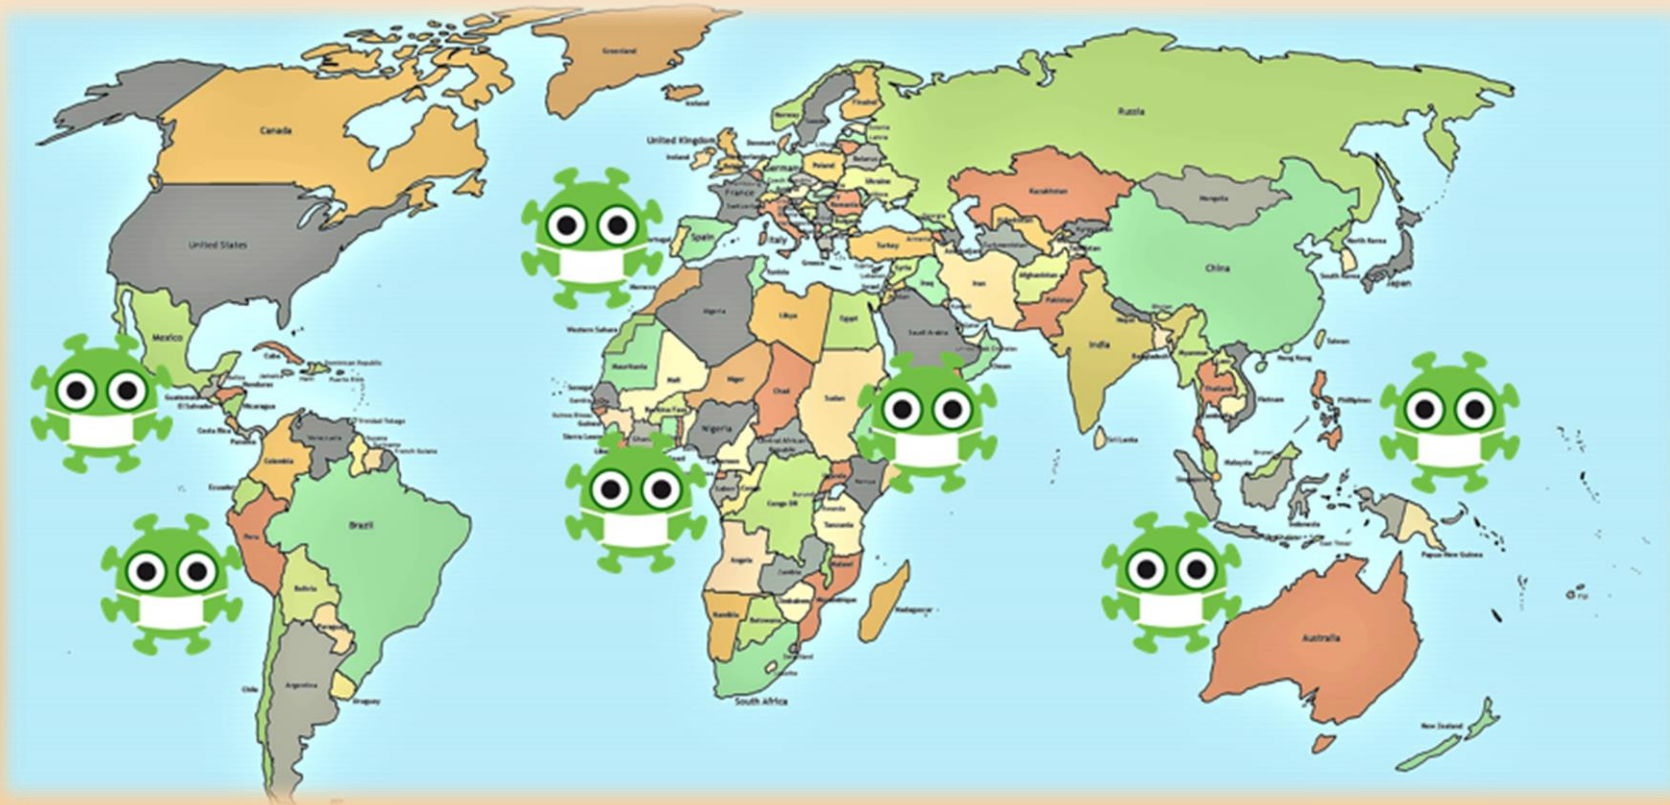

I opened a
school for
the poorest
children
in Rome.

Now, I work so that every boy and girl in the world can go to school.

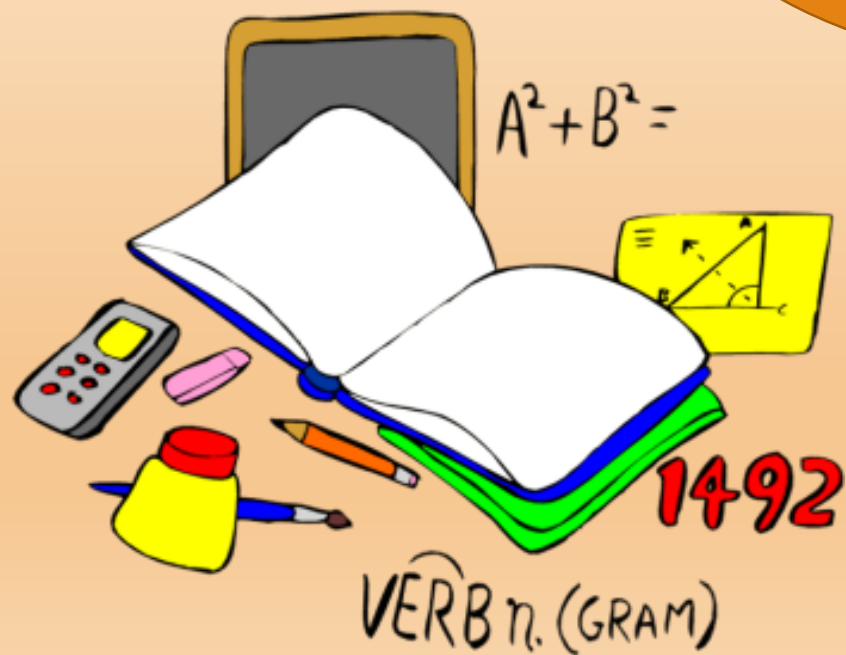

I've lived through many difficult moments,
such as the one we're experiencing now with the
coronavirus.

But it's very important to keep learning at school.

What do you
like the most
about school?

It's very important that, all around the world, we are all able to go to school.

For this reason, I'm sure that we all can help.

How do you think
you can help me?

Now, it's important that
we go to school
to keep learning.

Education,
school and learning
are very important
for everybody.

Why don't we
give thanks for
being able to go
to school?

We could make
up a dance!
