

Hi! We're ELYKIA

and ESENGO

We travel around the world telling our story. We tell people that boys and girls are equal.

We are from the <u>Democratic Republic of Congo.</u>

We've been at home over recent months...

Did you play games too? These are our favorite games.

Chess

Memory

The day we went bach to school we wanted to play football. Our friends didn't let us play.

That made us sad.

They told it was only for boys.

Of course, there are some girls' teams, but it's strange to see them on TV.

Do you know if there are any girls' football teams?

LET'S WATCH A MATCH! Football isn't only a boys' thing.

We can all play together, boys and girls

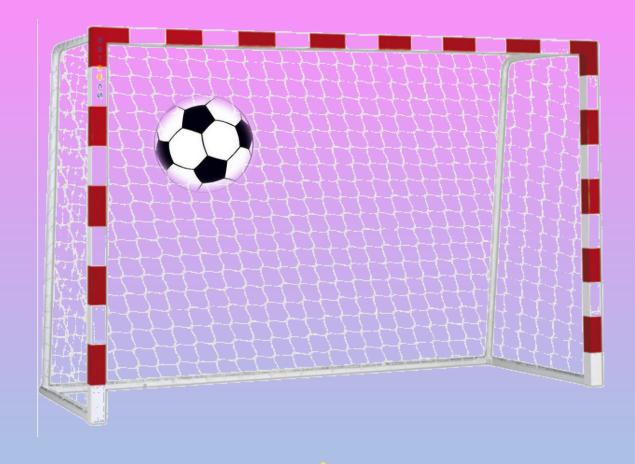

Do you play together?

The next day when we go bach to school, we're going to say that girls also play football.

Right! And the whole class will play together.

Will you join our team?

With your help, we'll be able to play football for sure! Thanh you for listening to our story.
