

Chosen Country:

DESIGN for
CHANGE

SIENTE

General Situation. Describe the situation facing children and young people from the chosen country by adding information to the four categories:

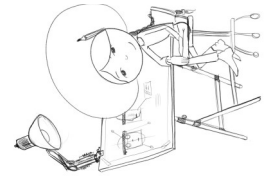

Education: (Are schools open or closed? Do schools or families have access to the Internet? Do teachers know how to use the Internet? Are there any other problems?)

Food: (Are school canteens open? Do you think students have access to a healthy diet? Are there any other problems?)

Security: (Are there protection systems for children in lockdown? Is the increased Internet use secure? Has cyberbullying increased? Are there any other problems?)

Health: (Have families had to tighten spending on food or healthcare? Do immunization systems work? Do sick people receive proper care? Are there any other problems?)

How does comparing these situations make you feel?

How do you feel?

Now that you have taken a closer look at how people in other countries have been affected by the pandemic, compare their situations. What thoughts and feelings does it evoke in you?
