

PAY IT FORWARD

Dear Family,

The solidarity campaign slogan for this year invites us to get moving to “become better”. Get to know Itaka-Escolapios centers from different parts of the world which are not satisfied with guaranteeing access to quality education and fight for improving lives of the people around them by promoting solidarity, gender equality, environmental care, and interculturalism.

Those centers need our support to continue their work. This year’s campaign invites us to be agents of change in our own environment by collaborating with the closest ones and sometimes in the smallest way.

What you have in your hands is an invitation to get to know the campaign better and participate in one of the main activities. The “pay it forward”. Building a better world might start by doing a favor for someone close to you, just because you can.

For participating in this activity, you must do a favor for 3 people and make them aware that this favor is part of a “pay it forward”, this means they must continue the chain by helping another 3 people. Who knows how far it can go.

You will find below a certificate which will help you to explain this initiative, you may photocopy it as much as you can. You may write your name on the corresponding blank space, so it will be known who started to pay it forward. Hopefully it goes a long way.

Name

Certificate of Participation in the Pay it Forward of Itaka Piarists.

Someone did you a favor, and we invite you to multiply it by helping three more people who will also help other 3.

Name
